- 16 channels
- 400 fps/ 200 fps display/ Recording
- 16 alarm inputs/ 4 relay outputs
- Pentaplex (Live Monitoring, Recording, Playback, Transmission and Backup)
- Remote monitoring through LAN and Internet

Securcorp deals in high quality, highly reliable and stable Digital Video Recorders both windows based and embedded stand alone systems. Our recorders provide high image quality with MPEG-4 video compression. All the recorders provide live display and come with varies recording rates. You can do live surveillance, playback and setup thorough LAN or Internet. Video can be recorded for a month to several months depending upon the number of months recording needed.

To each DVR two monitors can be connected. All the cameras connected to the DVR can be viewed on a single screen or one by one in sequence either on main monitor or on spot monitor.

Data can be backed up on DVD or USB hard disk.

Our DVRs are easy to setup and operate by any person without much technical knowledge.

### Product Specifications
